

Mediterranean Forest Week
19 March 2015

Supporting climate action in the Mediterranean region

Lucie Berger
DG Climate action
European Commission

2030
FRAMEWORK for CLIMATE & ENERGY
#EU2030

A scenic landscape photograph showing a vast mountain range under a clear sky. The foreground is filled with dense green and yellow trees, suggesting an autumn setting. The middle ground shows rolling hills and valleys, while the background features more distant, hazy mountain peaks.

EU has committed **at least 20%** of its budget 2014-2020 to be spent in climate-positive way

European Neighbourhood Policy and Instruments

- *European Neighbourhood Instrument:*
 - **Regional cooperation and projects**
 - **Bilateral cooperation: projects and support**
- *Neighbourhood Investment Facility*
 - **Large infrastructure projects: investments**

European Funds and Programmes

- *LIFE+ 2014-2020*
 - EU fund for environment and climate action
 - Partner projects with EU MS entities
- *Horizon 2020: Framework Programme 2014-2020*
 - EU programme for research and innovation
 - Climate change key priority: mitigation, impacts and adaptation to climate change
 - Partner projects with EU MS entities

Climate change cooperation in the Mediterranean region

- *UfM Climate Change Expert Group:*
 - **Ministerial meeting in Athens (May 2014)**
 - **Coordination of activities at regional level, exchange of best practices, project development**
 - **Work Plan 2014-2015:**
 - Second meeting (May 2015) addressing mitigation (NAMAs), research and knowledge...
 - Third meeting (October 2015) focusing on adaptation and synergies with mitigation efforts: sustainable agriculture, climate-smart landscapes
